

SOFTWARE ENGINEER

Hello, I am Nesrine GHRIBI

Motivated computer engineer, with 6 years of experience and proven expertise in programming. With excellent communication, leadership and technical mastery skills, I am looking for a new opportunity in web development to take on ambitious challenges and contribute to innovative projects.

EXPERIENCE

PRESTASSART – SFAX, TUNISIA

ANGULAR FREELANCER – 01/2025 – 04/2025

Acro companion project: An application dedicated to gymnastics, designed to make the sport fairer, more accurate, and more accessible.

- Developed and optimized new features using Angular, adhering to best practices for maintainable and scalable code.
- Debugged and resolved issues to enhance application stability and performance.
- Conducted end-to-end (E2E) testing to validate functionality and ensure a seamless user experience.
- Data migration operations, including transformation and integration of structured data between systems or environments, ensuring accuracy and consistency.
- **Tools used**: angular 19, RxJS, Azure, git, Firebase, jest, playwright
- **Operating System**: MacOS

LUNAR TC – SFAX, TUNISIA

ANGULAR DEVELOPER – 03/2023 – 12/2024

Afrifont project: a web application for the public to download icons for free

- Design and development of the Frontend part of the application, ensuring to provide an optimal user experience.
- Creation of web page mockups, with an intuitive and modern design.
- Development of the app by leveraging the latest features of Angular 17 and Bootstrap.
